Western Pennsylvania

The mission of Casting for Recovery® (CfR) is to enhance the quality of life of women with breast cancer through a unique retreat program that combines breast cancer education and peer support with the therapeutic sport of fly fishing. The program offers opportunities for women to find inspiration, discover renewed energy for life and experience healing connections with other women and nature. CfR serves women of all ages, in all stages of breast cancer treatment and recovery, at no cost to participants. Learn more at: [www.castingforrecovery.org](http://www.castingforrecovery.org)
